

Article Overview

Leading Austrian cable tray support manufacturers include Niedax Kabelverlege-Systeme GmbH, HA-CO Austria, and eldax Systems, offering steel, GRP, plastic, and stainless steel solutions for industrial and commercial installations.

Key Manufacturers

Niedax Kabelverlege-Systeme GmbH Based in Wolkersdorf near Vienna, Niedax supplies a wide range of cable support systems including steel, GRP, plastic, and stainless steel for ceiling, wall, and floor installations. They provide complete solutions for tunnels, power plants, and refinery construction, with strong customer support from planning to delivery . HA-CO Austria HA-CO offers cable supports and housing mounting brackets suitable for various rail lengths and applications. Their products are designed for flexibility in industrial and commercial settings, with detailed specifications available in their data sheets . eldax Systems Specializing in cable support and laying systems, eldax Systems provides innovative solutions for industrial installations in Austria. Their products are UL-certified and cater to both industry and commerce, emphasizing quality and compliance . Additional Suppliers Other notable Austrian suppliers include Tieber, elitec GmbH, and ALUMERO, which provide cable management systems, electrical engineering products, and aluminum-based solutions for custom installations . Jeetmull Jaichandlall is also recognized for high-quality cable trays in various sizes, shapes, and materials, serving both domestic and international markets .

Considerations for Selection

- o Material: Choose between steel, GRP, plastic, or stainless steel depending on load, environment, and corrosion resistance.
- o Application: Ensure the manufacturer can support your project type, whether industrial, commercial, or specialized construction.
- o Technical Support: Companies like Niedax and eldax offer planning and installation support, which is valuable for complex projects.
- o Customization: Some manufacturers provide tailored solutions for specific dimensions, load capacities, or environmental conditions. These Austrian manufacturers provide a comprehensive range of cable tray support systems suitable for diverse industrial and commercial applications, ensuring both quality and compliance with local and international standards.
