

Breakthrough in Ethiopian Optical Cable Project

Preview

Ethio telecom, Djibouti Telecom, and Sudatel Group have today signed a landmark tripartite strategic agreement under the Horizon Fiber Initiative, marking a major milestone in regional digital integration through the deployment of a high-capacity, cross-border multi-terabit. Ethio telecom, Djibouti Telecom, and Sudatel Group have today signed a landmark tripartite strategic agreement under the Horizon Fiber Initiative, marking a major milestone in regional digital integration through the deployment of a high-capacity, cross-border multi-terabit. As of early 2025, about 28.6 million Ethiopians were internet users, roughly 21. Ethio Telecom owned about 23,000 km of fiber-optic cable across Ethiopia as of 2023, forming the national backbone and linking to neighboring undersea cables via Djibouti. In late 2024, Ethio. On February 4, 2026, Ethio Telecom, Djibouti Telecom, and Sudatel Group signed the Horizon Fiber tripartite agreement in Djibouti, marking yet another infrastructure milestone in a region familiar with ribbon-cutting ceremonies.
