We have identified 137 global cable tray tenders from the public procurement domain worldwide. View the latest global tenders for cable tray from Africa, the Americas, Asia, Australia, Europe, the Middle East, and other countries. Cable tray projects are often delayed not because straight tray lengths are missing, but because accessories and supports were not specified clearly. A shipment may include the correct meters of ladder tray or perforated tray, yet the contractor still cannot complete installation without bends. Note: KwikSplice Only By email contact blinetechnicalsupport@eaton.com to answer any questions you may have on subject matter, and/or call: 1-800-851-7415 > 2 > and ask for technical support. Eaton is a registered trademark. Follow us. What Should a Cable Tray Submittal Package Include? A complete cable tray submittal package should include: In EPC projects, submittal approval is not based on supplier claims. Whether specifying a major new project, refurbishing existing facilities or doing the engineering, procurement and construction (EPC) for your end user, with T&B Cabletray, ABB offers reliable solutions duly conforming to ASTM A123 & ISO 1461 : m. Cable trays may seem simple, but they directly affect safety, reliability, and maintenance.
