

Article Overview

Cable House is a recognized manufacturer and supplier of cable trays in Cuba, offering customized solutions for industrial and commercial applications.

Overview of Cable House in Cuba

Cable House, established in 1983, is a reputed manufacturer and supplier of a wide range of electrical products, including cable trays, hose clamps, cable ties, and crimping tools . The company serves both national and international markets and is known for delivering high-durability, reliable, and customizable cable tray solutions. Their team of skilled professionals can provide tailor-made designs to meet specific project requirements, ensuring compliance with industry standards and long-term performance.

Large-Span Cable Tray Capabilities

While Cable House offers standard cable trays, large-span cable trays are designed to support heavy cable loads over long distances without intermediate supports, making them ideal for industrial facilities, power plants, tunnels, and petrochemical projects . Key features of large-span cable trays include:

- o High Load Capacity: Supports heavy cables across long spans.
- o Corrosion Resistance: Available in hot-dip galvanized or stainless steel options.
- o Flexible Design: Ladder type, perforated, and solid-bottom configurations.
- o Easy Installation: Modular design reduces installation time. These trays are engineered for durability, safety, and reliable cable management, ensuring they meet the demanding requirements of large-scale electrical installations.

Contact and Customization

Clients interested in large-span cable trays from Cable House can request customized solutions by contacting the company via email or phone. The company emphasizes customer satisfaction and provides guidance on product selection, specifications, and delivery options . Their experience in handling diverse industrial projects ensures that clients receive tailored solutions that maximize value and performance.

Summary

For projects in Cuba requiring large-span cable trays, Cable House is a trusted manufacturer capable of providing heavy-duty, corrosion-resistant, and customizable cable tray systems. Their expertise in both standard and specialized cable management solutions makes them a reliable partner for industrial, commercial, and infrastructure projects .
