

Article Overview

Professional electrical distribution boxes in France are available from suppliers like Marechal Electric, Laberine Energie, and Konner & Sohnen, with prices varying based on customization, power rating, and materials.

Key Suppliers and Options

1. Marechal Electric Marechal Electric offers high and low voltage distribution, junction, and branch boxes suitable for industrial and professional use. Their boxes are designed for reliability and safety, with options for indoor and outdoor environments . 2. Laberine Energie - Special Distribution Boxes Laberine Energie provides mobile and robust distribution boxes with Marechal sockets, made from butyl rubber for durability. These boxes can be fully customized with additional sockets, longer cables, and company branding. Power ratings range from 16A to 160A, and they are suitable for industrial sites, petrochemical plants, and nuclear facilities. They are waterproof, dustproof, and compliant with international standards . 3. Konner & Sohnen Konner & Sohnen offers certified distribution boards for professional projects. Their products are available online and are designed for safe and reliable power distribution . 4. B2B Marketplaces Platforms like Europages list over 200 French suppliers of electrical distribution boxes, allowing direct contact with wholesalers for bulk orders and price negotiation . 5. Meter and Enclosure Boxes Companies like INDO SMC PVT LTD supply high-quality FRP/GRP and SMC enclosures for distribution and meter boxes, suitable for modern buildings and industrial applications. Protection levels range from IP20 to IP66, and materials include polycarbonate and ABS plastics .

Pricing Considerations

- o Standard low-voltage boxes: Prices typically start around EUR50-EUR150 for basic models.
- o Customized or mobile industrial boxes: Prices can range from EUR300 to over EUR1,000, depending on power rating, number of sockets, and additional features like waterproofing and branding.
- o High-voltage or specialized enclosures: Pricing is usually quoted individually due to technical specifications and compliance requirements.

How to Get a Quote

- o Contact suppliers directly via their websites (e.g., Marechal Electric, Laberine Energie, Konner & Sohnen).
- o Specify your requirements: number of sockets, power rating, indoor/outdoor use, customization needs.
- o Request bulk pricing if ordering multiple units.
- o Check compliance with French and international electrical standards for professional installations. By reaching out to these suppliers with your technical specifications, you can obtain accurate price quotes tailored to your project needs.
