

Article Overview

Wholesale prices for 24-core fiber optic terminal boxes in Haiti start from approximately \$8.6 per unit, depending on model, protection grade, and supplier.

Product Overview

A 24-core fiber optic terminal box is used to terminate, organize, and protect fiber optic connections in FTTH, FTTx, and other optical networks. These boxes typically include:

- o Capacity: 24 cores (some models support up to 48 cores for LC adapters)
- o Material: High-strength polycarbonate or metal housing with electrostatic spray painting
- o Protection Grade: IP65-IP67, suitable for indoor or outdoor wall/pole mounting
- o Features: Splice trays, adapter compatibility (SC, LC, FC, ST), cable ports, and lockable design
- o Applications: Optical LAN/WAN, CATV, broadband, PON networks, and mini-network terminal distribution

Pricing and Wholesale Options

- o Haitian Supplier: Haitian Holding Group offers 24-core FTTH indoor termination boxes with accessories, suitable for pigtail connections, in a plastic box measuring 265x153x55mm. Pricing is available upon request for bulk orders .
- o International Suppliers: Alibaba lists 24-core fiber terminal boxes starting at \$8.6 per unit, ideal for wholesalers and distributors, with options for waterproof designs and various adapter types .
- o Chinese Manufacturers: Companies like Optico and Linkracks provide bulk orders with delivery times of 15-30 days after deposit, OEM branding, and CE/ROHS/SGS certifications .

Considerations for Wholesale Purchase

- o Installation Environment: Choose indoor or outdoor-rated boxes based on deployment location.
- o Future Scalability: Opt for modular designs or extra splice tray space to accommodate network growth.
- o Delivery and Lead Time: Bulk orders typically require 2-4 weeks for production and shipping.
- o Customization: Many suppliers offer OEM branding and adapter configurations. For Haitian buyers, contacting local distributors or international suppliers with shipping to Haiti is recommended to confirm final pricing, shipping costs, and import regulations. This ensures cost-effective procurement for large-scale network deployments.

Haitian wholesale price fiber optic terminal box 24 cores
