With side height 50mm Availability Width of Tray Offered 50mm to 1000mm Side Collar (Height) 25mm, 50mm, 75mm, 100mm Available Thickness 1. This zinc coating provides exceptional protection against rust and corrosion, making it ideal for use in harsh environments. We, the foremost Galvanized Cable. These specially tailored Galvanized Cable Trays are manufactured using high quality materials that are moulded and put together by advanced machinery, keeping in mind internationally prescribed quality parameters. After the dipping process, the surplus zinc is blown off and one obtains an extra passivating coat (an ultra-thin protective coat) to prevent oxidation of the zinc coating (white rust). The Specialized/Sigma Factory for Steel Products (SFSP) was first established in KSA in 1989 and has been expanding ever since through a variety of products and through its geographical presence. Production at the factory is observed using modern practices of manufacturing methods in the steel. Perforated Cable Tray System crafted from premium hot-dip galvanized steel, offering protection against corrosion. HCT CABLE TRAYS; USED WITH HMS SERIES MODULES. Product weights may vary +/- % 10. H=040, H=050, H=060 SINGLE LINE PERFORATED.

Unlike other Hot dip galvanized cable trays will have more life, because Zinc protects the base material and gives extra mileage. Hot dip galvanized cable

Durable hot-dip galvanized cable tray with high corrosion resistance for indoor/outdoor use. Custom sizes, easy screw installation, heavy-duty load capacity.

Durable Hot Dip Galvanized (HDG) cable trays designed for superior corrosion resistance, strength, and reliable cable management in industrial and outdoor

Rugged Cope Trof HDGAF tray for rigid, safe cable support in various indoor setups.

Heavy Duty Cable Tray Systems Heavy duty cable trays and cable ladders are manufactured from pre-galvanized or hot-dipped galvanized sheet metal,

Pre-Galvanised, Hot Dip Galvanised Cable Trays, H: 40, H50, H60, H80, H100 Cable Trays, Bendings, Accessories

60 Series Perforated hot-dip is a strong cable transportation system that provides high durability against harsh environmental conditions. The hot-dip galvanized
