

North Macedonia server rack waterproof type

Article Overview

For waterproof server protection, NEMA 4X or IP65/IP66-rated cabinets are recommended, offering full protection against water, dust, and harsh environmental conditions.

Recommended Types and Standards

NEMA 4X Cabinets

- o Designed for indoor or outdoor use where equipment may be exposed to water, humidity, or washdown conditions.
- o Constructed from stainless steel, often food-grade, providing corrosion resistance and antibacterial properties, ideal for wet or industrial environments.
- o Typical capacity ranges up to 18U for standard 19" rack-mountable devices.
- o Optional features include surge-protected power blocks, air circulation fans, and heaters for cold environments . IP65/IP66-Rated Outdoor Cabinets

- o Fully sealed enclosures that prevent water ingress, dust, and extreme weather exposure.
- o Suitable for telecom, network, and server equipment in outdoor or exposed locations.
- o Available in stainless steel or polycarbonate, with ventilation and cable management options.
- o Can be wall-mounted or free-standing depending on space and installation requirements . NEMA 12 Dust & Water-Resistant Racks

- o Primarily for indoor use, offering protection against dust, light splashes, and dripping water.
- o Ideal for server rooms where minor water exposure may occur but full waterproofing is not required.
- o Provides additional safety for personnel by limiting access to hazardous equipment .

Key Features to Consider

- o Material: Stainless steel for corrosion resistance; polycarbonate for lightweight and durable options.
- o Sealing: Ensure the cabinet meets NEMA 4X or IP65/IP66 standards for full waterproof protection.
- o Cooling & Ventilation: Fans or air circulation systems to maintain optimal internal temperature.
- o Security: Lockable doors and windows to prevent unauthorized access.
- o Optional Accessories: Surge protection, heaters, and cable management systems for enhanced reliability.

Local Availability

- o Companies like Schneider Electric provide rack solutions and data center modules suitable for industrial and edge environments in North Macedonia .
- o Specialized suppliers such as Armagard and AZE Telecom offer waterproof and outdoor server cabinets that
