

Price of 2-core optical cable

Article Overview

The cost of a 2-core optical fiber cable typically ranges from \$0.30 to \$2.80 per meter for single-mode and \$1.50 to \$6.00 per foot for multimode, depending on type, construction, and environmental rating.

Pricing Overview

The price of a 2-core fiber optic cable depends on several factors:

- o **Fiber Type:** Single-mode (OS2) fibers are generally used for long-distance transmission and cost between \$0.30 and \$2.80 per meter depending on quality and brand, while multimode (OM3/OM4) fibers, suitable for short-range high-speed applications, can cost \$1.50 to \$6.00 per foot due to more complex manufacturing requirements .
- o **Cable Construction:** Armored cables provide extra protection for outdoor or harsh environments, adding 20-50% to the base cost. Non-armored indoor cables with PVC or LSZH jackets are cheaper but less durable outdoors .
- o **Environmental Rating:** Outdoor-rated cables with UV-resistant PE jackets or direct-burial capabilities are more expensive than indoor-rated cables due to additional materials and compliance testing .
- o **Length and Volume:** Bulk purchases (e.g., >10 km) often reduce per-meter costs, while custom-cut or urgent orders increase the price .

Example Costs

- o **Basic 2-core single-mode indoor cable:** Approximately \$0.30-\$1.00 per meter.
- o **Outdoor or armored 2-core single-mode cable:** Around \$1.00-\$2.50 per meter.
- o **Multimode 2-core cable for data centers:** Typically \$1.50-\$6.00 per foot, depending on OM3 or OM4 grade and jacket type .

Additional Considerations

- o **Pre-terminated cables:** While more expensive upfront (20-30% higher), they reduce on-site splicing labor and can lower total project costs by up to 70% .
- o **Installation costs:** Labor, trenching, conduit, and termination can significantly increase total project cost. For example, a 1,000 ft indoor single-mode run may cost \$2,650-\$3,100 including cable, labor, and accessories, while a 2,000 ft outdoor run with conduit and multiple terminations can reach \$4,940-\$6,120 . In summary, a 2-core optical fiber cable is one of the most cost-efficient options for small-scale or point-to-point networks, with prices varying based on fiber type, construction, and installation requirements. Choosing the right combination of single-mode or multimode, armored or non-armored, and indoor or outdoor-rated cable will determine the final cost.

Price of 2-core optical cable

INDOOR/OUTDOOR FIBER OPTIC CABLE - FOR HIGH PERFORMANCE DATA TRANSMISSION 2 FIBER CABLE - MULTIMODE

It's the ultimate solution for businesses seeking reliable data connectivity, and its

Our 2 Core FTTH Single Mode Optical Fiber Cables are designed to meet the specific needs of telecom operators and ISPs. They

Buyers typically pay a range for fiber optic cable per foot depending on fiber type, jacket, and shielding, plus

Discover 2 core fiber optic cable price deals with CE-certified, LSZH jacket cables for FTTH networks. Ideal for fiber

Buy original Fiber Solution 2 Core Fiber Optic Cable from Doshbish.com for high-speed indoor and outdoor connectivity. Ideal for

Searching for how much does fiber optic cable costs? Stop guessing. We break down 2025 prices for OS2, OM3, and Armored

Track the latest fiber optic cable price changes in 2026, including market updates from

We offer SingleMode Optical Fiber Cable in brands Such as Sterlite, Aksh, Paramount and others. The

Fiber Optical Cable Manufacturer Manufacturer of a wide range of products which include 2,4,6,12 core

Discover 2 core single mode fiber optic cables for FTTH & fiber networking. CE certified, LSZH jacket, G657A1/A2

Discover the perfect addition to your Optical Fiber with our 2 Core Fiber Optic Cable.Sourcing optical fiber cable directly through a

Fiber optic cables are essential components in today's broadband, FTTx, and data center

Explore 2 Core Fiber Optic Cable in Pakistan - Best Prices Guaranteed! Buy Now at Unbeatable Rates. Enjoy Nationwide Delivery

A 2 core fiber optic cable consists of two individual optical fibers, typically made of glass or plastic, encased in

Price of 2-core optical cable

2 Core FTTH Single Mode Optical Fiber Cable - Round OD 5.5 mm + FRP + Yarn Our 2 Core FTTH
