

Article Overview

High-quality optical splitters typically range from \$20 to \$200, depending on type, splitting ratio, and performance specifications.

Pricing Overview

High-quality PLC (Planar Lightwave Circuit) splitters are widely used in fiber optic networks for their precision, reliability, and low insertion loss. Prices generally range from \$20 to \$200, with the cost influenced by factors such as splitting ratio (1:2, 1:4, 1:8, 1:16, 1:32, 1:64), insertion loss, and environmental stability. Premium models with enhanced signal uniformity, lower insertion loss, and superior durability command higher prices, reflecting their long-term reliability and reduced maintenance costs.

Types of Optical Splitters

- o PLC Splitters: Use semiconductor fabrication to create waveguide chips, ensuring uniform signal distribution and high precision. Preferred for outdoor or temperature-variable conditions due to superior stability.
- o FBT (Fused Biconical Taper) Splitters: Made by fusing and tapering fibers, suitable for indoor, temperature-controlled environments where cost is a priority.
- o Fanout and Hybrid Splitters: Designed for complex network setups, allowing multiple outputs or combining different fiber types for interoperability.

Commercial and Industrial Considerations

High-quality splitters are essential in FTTH, data centers, CATV, and industrial networks, ensuring efficient signal distribution with minimal loss. When selecting a splitter, consider long-term reliability, compatibility with existing infrastructure, and scalability. Investing in premium splitters often reduces maintenance and replacement costs over time.

Additional Notes

- o Passive splitters require no power supply and are fail-safe, making them suitable for high-performance networks.
- o Online suppliers like Fiber24, FS, and Alibaba offer a wide range of high-quality splitters, allowing network planners to choose models based on project requirements and budget. In summary, expect to pay \$20-\$200 for high-quality optical splitters, with higher-end PLC models providing superior performance, durability, and long-term value for professional fiber optic deployments.

Price of High-Quality Optical Splitter Products

Shop high-quality 1x2 optical splitters for FTTH and other fiber optic networks. Find reliable, efficient splitters with various split ratios

LIFETIME WARRANTY: BlueRigger Lifetime Warranty and US-based Customer Support DURABLE

Product Description Currently being a quality-centric company, we are concerned in presenting high quality Optical Splitter. This is

Optical losses also vary significantly between different beam splitter designs. Devices with metallic coatings generally exhibit higher

When you need to connect one optical audio source to multiple devices, you'll want a splitter that handles the job

BlueRigger Digital Optical Audio Splitter 1x2 (Active Toslink Splitter, LPCM2.0, Dolby, DTS 5.1) - Powered Digital

1-16 of 369 results for "optical audio cable splitter"; Results Check each product page for other buying options.

Premium Beam Splitters for Advanced Optical Solutions Explore a diverse range of high-quality beam splitters at PhotonExport,

Discover optical splitters, HDMI 1 in 2 out, and fiber optic cable splitters. High-quality options supporting 8K@60Hz and 4K@120Hz

Our Optical Splitter offers exceptional quality within the Fiber Optic Equipment category. Selecting factory-priced fiber optic equipment

Our beam splitters are made from high grade glass material with laser grade surface flatness & surface quality for tighter tolerance

2.994 Angebote zu Optischer Splitter im AV-Umschalter & Verteiler Preisvergleich. Bei idealo.de g#252;nstige Preise f#252;r Optischer

Discover beam splitters with competitive pricing, ideal for optical and fiber-optic applications. Explore AR-coated glass and ZnSe

Price of High-Quality Optical Splitter Products

OREI HDMI Splitters are the perfect solution when you need to connect one source of digital high-definition video to multiple displays

Dive into our online wholesale plc splitters products catalog on globalsources.com! Source over 244 plc splitters for sale from

Discover optical fiber splitters designed for home theaters and gaming consoles. Aluminum construction for durability.
