

Price of an 8-way secondary distribution box

Article Overview

The price of an 8-way secondary distribution box in India starts around INR600 per piece, depending on the brand, material, and features.

Price Range and Suppliers

- o Aexontronics 8-Way SPN Double Door MCB Box: INR600 per piece, made of sturdy metal with crack-resistant design, suitable for homes, offices, and industrial setups .
- o Havells SPN 8-Way Distribution Box: Features powder-coated CRCA steel sheet (0.8 mm thick) and double-door design; pricing varies by supplier and installation service .
- o FTC Frugal Series 8-Way SPN Double Door MCB Distribution Board: Includes neutral and earth bars, MCB shorting link, and IP42 rating for dust and water resistance; pricing may vary, often with discounts available online .

Key Features to Consider

- o Material: Metal (CRCA steel) or high-quality polycarbonate for durability and heat resistance .
- o Design: Single-phase (SPN) or three-phase (TPN) configuration; double-door for safety and organized wiring .
- o Protection: IP42 rating or higher for dust and water resistance, integrated neutral and earth bars, and MCB compatibility .
- o Installation: Some suppliers offer installation services, which may affect the total cost .

Buying Tips

- o Verify compatibility with your existing electrical system and local building codes .
- o Consider future expansion; even if all eight circuits are not used immediately, spare slots allow for upgrades .
- o Compare prices across suppliers like IndiaMART, IndustryBuying, and Havells to find the best deal.

In summary, an 8-way secondary distribution box can be purchased starting at around INR600, with prices increasing based on brand, material, and additional features such as double doors, IP rating, and installation services .
