

Article Overview

Key Slovakian manufacturers of optical cable heads include Sylex Fiber Optics and Foss Fiber Optics, both offering high-quality fiber optic interconnect solutions and assemblies.

Leading Manufacturers

Sylex Fiber Optics is a world-class original design manufacturer specializing in high-quality optical interconnect solutions. They produce factory pre-terminated trunk cables, MMC jumpers, and high-precision fiber array assemblies. Their products include MPO/MTP connectors, PRIZM LightTurn connectors, and solutions for high fiber density and complex routing challenges. Sylex serves telecom, datacom, and industrial applications, providing both standard and custom-tailored fiber optic equipment . Foss Fiber Optics has been active since 1984, focusing on building fiber optic infrastructure and providing optical solutions. They manufacture singlemode and multimode fiber assemblies with standardized connectors such as FC, SC, ST, LC, E2000, MT-RJ, and DIN. Foss also develops solutions for demanding environments in defense and industrial sectors, including robust optical field cables and compact wall boxes like the FPD66 for DIN rail and wall mounting .

Other Notable Companies

- o PROFiber Networking CZ s.r.o. specializes in fiber welding machines, calibration, and training programs through its Fiber Optics Academy, supporting both theoretical and practical skills in fiber optic technology .
- o Keline manufactures structured cabling systems with a focus on high-speed digital signal transmission, including optical cabling components that meet international standards .
- o SKB-GROUP produces a wide range of highly flexible cables, with annual production exceeding 30,000 km, emphasizing precision and industrial-grade quality .

Summary

Slovakia hosts a range of fiber optic manufacturers capable of supplying optical cable heads, connectors, and assemblies for telecom, datacom, industrial, and defense applications. Sylex Fiber Optics and Foss Fiber Optics are the most prominent, offering both high-volume production and custom solutions, while other companies like PROFiber, Keline, and SKB-GROUP provide specialized equipment and cabling systems . These manufacturers ensure quality, flexibility, and compliance with international standards, making Slovakia a reliable source for optical cable components.
