

Article Overview

South Africa hosts a range of leading optical cable manufacturers and distributors, including CBi Telecom, M-TEC, YOA Cable, Dartcom Fibre Solutions, and HELUKABEL, offering high-quality fiber optic solutions across the continent.

Key Manufacturers and Suppliers

1. CBi Telecom CBi Telecom is a major South African manufacturer of fiber optic and copper cables, operating the largest cable manufacturing plant in Africa. They provide customized optical fiber solutions, structured cables, and OEM services for diverse applications across Sub-Saharan Africa. Headquarters: Centurion, South Africa. Website: <https://www.cbitele.com/> 2. M-TEC Founded in 1911, M-TEC is one of the oldest and largest fiber optic and power cable manufacturers in South Africa. Their product range includes aerial self-support cables, duct cables, direct buried cables, indoor cables, and micro duct cables. Headquarters: Vereeniging, South Africa. Website: <https://www.m-tec.co.za/> 3. YOA Cable YOA Cable is Africa's largest optical fiber manufacturer, known for innovations like Fast Fusion Technology (FFT) that simplify installation and reduce damage. They focus on high-speed, flexible fiber solutions for the African market. Website: <https://yoacables.com/> 4. Dartcom Fibre Solutions Dartcom manufactures fiber optic cables under license from OFS Fitel, LLC, and partners with Furukawa Electric Company. They offer a wide variety of high-quality cables with an annual production capacity exceeding 12,000 km, and provide installation services through their subsidiary Gbitel. Headquarters: Waltloo, Pretoria, South Africa. Website: <https://dartcomfibresolutions.co.za/> 5. HELUKABEL HELUKABEL supplies fiber optic cables and related products, focusing on high-quality standards and international compliance. They serve both local and regional markets with a variety of optical and data cables.

Distributors and Service Providers

Cable Mack Cable Mack is one of South Africa's largest independent cable distributors, stocking fiber optic, power, and industrial cables. They provide nationwide delivery, technical guidance, and in-house cutting services. Website: <https://cablemack.co.za/> BritelinkMCT Specializes in planning, implementing, and maintaining fiber optic infrastructure, particularly FTTH networks, providing uncapped high-speed internet solutions for businesses and communities. Core Sight and Scoop Distribution These companies focus on supplying fiber optic materials and equipment, supporting network operators, contractors, and distributors with high-quality products and technical expertise.
