Overview of Accessories and Pricing

Cable tray accessories include covers, connectors, separating strips, protective rings, clamps, and mounting plates. Prices vary based on material (galvanized steel, stainless steel AISI 304/316, aluminum, or FRP), size, and certification. For example, B2B industrial-grade accessories such as stainless steel connectors or mesh tray fittings can cost CHF 20-80 per piece, while smaller consumer or office-use items like cable clamps or under-desk trays may range from CHF 1-15 per unit (PohlCon, Accio) .
