

Article Overview

SELHOT and Sunnom are leading manufacturers of durable, thickened plastic distribution boxes with high impact resistance and environmental protection.

Key Manufacturers

SELHOT specializes in waterproof electrical enclosures, including distribution and junction boxes. They offer IP65/IP66-rated, UV-resistant, and impact-resistant enclosures with OEM/ODM services, laser marking, precision hole drilling, and mold development. Their products are suitable for residential, industrial, EV charging, solar PV systems, and construction applications, with rapid shipping and certified quality (ISO9001, CE, ROHS, TUV) .

Sunnom provides plastic distribution boxes designed for superior insulation, flame retardancy, and environmental protection. Their enclosures are made from advanced polymer compounds that resist moisture, UV radiation, and extreme temperatures, ensuring long-term durability and impact resistance. They are suitable for residential, commercial, and industrial electrical installations .

DirectIndustry Suppliers offer reinforced fiberglass polyester and polycarbonate boxes with double insulation, UV-resistant covers, and IP66/IK10 protection. These boxes are designed for low-voltage electrical panels and industrial applications, providing high mechanical strength and thermal stability .

Laird Plastics distributes a wide range of engineering plastics and can provide custom fabrication for thickened plastic enclosures. They offer rapid delivery across North America and technical support for material selection and compliance .

Features to Consider

- o Material: ABS, polycarbonate, or reinforced fiberglass polyester for durability and impact resistance.
- o Protection Ratings: IP65/IP66 for water and dust resistance, IK08/IK10 for impact resistance.
- o UV and Temperature Resistance: Ensures longevity in outdoor or harsh environments.
- o Customization: Options for color, size, mounting points, and pre-drilled holes.
- o Certifications: ISO9001, CE, ROHS, TUV for quality assurance.

These manufacturers provide reliable solutions for thickened plastic distribution boxes suitable for industrial, commercial, and residential electrical applications, with options for customization and rapid delivery.
