

Article Overview

Leading companies worldwide provide a wide range of cable tray systems and accessories, including hangers, supports, covers, and junctions for industrial and commercial applications.

Global Manufacturers and Suppliers

Several companies specialize in cable trays and accessories globally, offering solutions for heavy-duty, medium-duty, and light-duty applications:

- o Atkore International: A major global manufacturer of cable trays, cable management systems, and infrastructure products, offering galvanized, stainless steel, and custom solutions .
- o Chalfant Manufacturing: Known for innovative cable tray systems like GR_Magic and RKS-Magic, including walkable tray lines .
- o Sunil Engineering Corporation: Produces perforated and ladder-type trays, along with accessories and junction boxes .
- o ELCON Cable Trays Pvt. Ltd.: Offers wire mesh, ladder, and perforated trays with related accessories .
- o Snake Tray: Specializes in cable trays and power distribution solutions for data centers, solar installations, and transit systems .
- o Team Trench: Provides pre- and post-galvanized cable trays and related accessories for electrical manufacturing sectors .

UK-Based Manufacturers

The United Kingdom has a strong cable tray manufacturing sector, with companies providing high-quality solutions for diverse industries:

- o Channel and Tray: Precision-engineered metal products for cable management .
- o Cable Management Warehouse Ltd and Aitkens Cable Tray Systems: Offer a wide range of cable tray systems and accessories .
- o METSEC: Specializes in metal processing solutions, including cable trays .
- o Legrand Electric Ltd and Schneider Electric: Provide both cable trays and a variety of supporting accessories .

Cable Tray Accessories

Cable tray accessories are essential for proper installation and cable management. Common accessories include:

- o Hangers and Supports: Brackets and hangers to secure trays horizontally or vertically .
- o Covers and Solid Bottoms: Protect cables from dust, water, and falling objects .
- o Connectors and Couplers: Facilitate directional changes, splicing, and joining of trays .
- o Clamps, Nuts, Bolts, and Swift Clips: Ensure secure attachment of cables and trays .
- o Tees, Crosses, and Junction Boxes: Allow branching and integration of multiple cable paths .

Choosing a Supplier

When selecting a cable tray and accessory supplier, consider:

- o Material and Coating Options: Galvanized, stainless steel, or fiberglass for indoor/outdoor use .
- o Load Capacity and Duty Rating: Heavy-duty trays for industrial applications, medium or light-duty for commercial use .
- o Customization and Support: Ability to provide tailored solutions and technical support for complex installations . These companies and accessories ensure efficient, safe, and organized cable management for commercial, industrial, and infrastructure projects.
