

Article Overview

Tunisia offers a wide range of cable tray accessories, including pre-galvanized, hot-dip galvanized, stainless steel, and aluminum options, suitable for industrial and electrical applications.

Overview of Cable Tray Accessories in Tunisia

Cable tray accessories in Tunisia are designed to support, protect, and organize electrical and data cables efficiently. They include bends, tees, crosses, reducers, covers, supports, and holders, which facilitate installation and ensure compliance with international standards such as BS EN 61537, IEC 60092-3, and ISO 12944-6 . Accessories are available in various sizes, shapes, and materials, including steel, aluminum, and polymer-coated systems for enhanced corrosion resistance .

Key Manufacturers and Suppliers

- o Jeetmull Jaichandlall (P) Ltd. - Offers high-quality cable trays and accessories in Tunisia, with a focus on customized solutions, durable wire mesh trays, and compliance with industry standards. They provide products suitable for multiple sectors and export globally .
- o Cable House - Established in 1983, Cable House manufactures and supplies cable trays, hose clamps, crimping tools, and connectors. They provide customized solutions and emphasize durability, reliability, and long service life .
- o Artim Metal - Specializes in pre-galvanized and epoxy-coated cable trays for industrial and electrical applications. Their accessories include robust holders, covers, and flexible joint systems designed for harsh environments, including high humidity, chemical exposure, and seismic conditions .
- o Unitech IKK - Offers SFSP cable trays and accessories in steel, stainless steel, and aluminum, complying with BS EN and NEMA standards. They provide cost-effective, fast-installation solutions suitable for various cabling requirements .

Material and Coating Options

- o Pre-Galvanized Steel - Provides corrosion resistance and durability for indoor and outdoor use .
- o Hot-Dip Galvanized Steel - Ideal for harsh environments, including marine and industrial applications .
- o Stainless Steel - Offers high resistance to corrosion and chemical exposure .
- o Aluminum - Lightweight and easy to install, suitable for industrial and commercial projects .
- o Epoxy-Coated Systems - Protects against aggressive chemicals, high humidity, and temperature fluctuations .

Applications

Cable tray accessories in Tunisia are widely used in:

- o Industrial plants - Power distribution and control systems.
- o Commercial buildings - Structured cabling and electrical wiring.
- o Marine and offshore projects - Saltwater-resistant systems for ships and ports.
- o Infrastructure projects - Tunnels, water treatment plants, and dormitories with high safety and fire standards .

Conclusion

Tunisia provides a diverse selection of cable tray accessories from reputable manufacturers, offering durable, corrosion-resistant, and standards-compliant solutions. Whether for industrial, commercial, or specialized projects, these accessories ensure organized cable management, safety, and long-term performance .
