

Article Overview

The UAE hosts numerous reputable cable tray and support system suppliers across Dubai, Abu Dhabi, Sharjah, and Ajman, offering a wide range of trays, ladders, and accessories for industrial, commercial, and residential projects.

Leading Suppliers and Manufacturers

1. Hutaib Electricals (Dubai) Hutaib Electricals provides perforated, ladder, wire-mesh, solid-bottom, and channel cable trays, along with accessories like elbows, tees, reducers, clamps, and supports. They offer custom sizes, powder-coated finishes, and stainless steel options suitable for indoor and outdoor environments, including high-humidity or coastal areas. They serve commercial buildings, data centers, and industrial zones with fast delivery across the UAE (Dubai, Abu Dhabi, Sharjah) (Web result). 2. UNIGROUP (Sharjah) UNIGROUP manufactures premium cable trays, trunking, and channel systems engineered for industrial plants, commercial buildings, and utilities. Their products include perforated, ladder, wire mesh, and GRP cable management systems, all compliant with NEMA VE1, IEC 61537, and BS EN 61537 standards. They also provide custom fabrication and full support systems (Web result). 3. West Port Middle East (Dubai) West Port offers cable trays, ladders, trunking, wire mesh trays, and Unistrut channels for light, medium, and heavy-duty applications. They cater to industrial, commercial, oil & gas, marine, IT, and renewable energy sectors, providing customized solutions, corrosion-resistant materials, and modular support systems (Web result). 4. Avadh Metal Industries (Dubai & Abu Dhabi) Avadh specializes in cable trays, ladders, trunking, C-channel struts, and support systems. They provide ISO-certified products with load-bearing calculations and custom fabrication for MEP and civil projects. Their facilities ensure high-quality production and compliance with international standards (Web result). 5. NMSS (Dubai) NMSS supplies pre-galvanized, hot-dip galvanized, powder-coated, stainless steel, and aluminum cable trays. They offer light, medium, and heavy-duty trays suitable for commercial, industrial, and infrastructure projects across the UAE, including Abu Dhabi, Al Ain, Sharjah, Ajman, and Ras Al Khaimah (Web result). 6. Al Bustan Groups (Dubai & Sharjah) Al Bustan provides ladder, perforated, solid-bottom, wire mesh, channel, and through cable trays. Their products are used in industrial plants, data centers, power plants, and infrastructure projects, with a focus on easy installation, ventilation, and cable protection (Web result). 7. Other Notable Suppliers

- o Bonn Metals Construction LLC (Dubai Silicon Oasis) - Ladder and perforated trays (Web result)
- o Arabian International Industries LLC (Ajman) - Cable trays, ladders, and strut systems (Web result)
- o Starwell Middle East (Dubai) - Perforated trays, cable glands, and lugs (Web result)
- o Cheol Trading LLC (Abu Dhabi) - Cable trays, ladders, and management systems (Web result)

Types of Cable Trays Available

- o Ladder Type - Heavy-duty, long-span support

- o Perforated - Medium load, ventilation for heat dissipation
- o Wire Mesh/Basket - Lightweight, IT and telecom applications
- o Solid Bottom - Sensitive circuits requiring full protection
- o Channel/Through - Light-duty, short-span routing

Materials and Finishes

- o Galvanized Steel (GI, HDG) - Corrosion-resistant for indoor/outdoor use
- o Stainless Steel (SS304/SS316) - Coastal or high-humidity environments
- o Aluminum & GRP - Lightweight, corrosion-resistant, suitable for rooftop or chemical environments
- o Powder-Coated or Epoxy - Custom colors and extra protection

Conclusion

The UAE offers a wide network of cable tray and support system suppliers capable of meeting diverse project requirements. Companies like Hutaib Electricals, UNIGROUP, West Port, Avadh Metal Industries, NMSS, and Al Bustan provide high-quality trays, ladders, trunking, and accessories with options for custom fabrication, corrosion resistance, and compliance with international standards, making them suitable for industrial, commercial, and infrastructure projects across Dubai, Abu Dhabi, Sharjah, and Ajman.
