

What are some cable tray companies in Brazil

Article Overview

Top cable tray companies in Brazil include Eletropoll, Jeetmull Jaichandlall, and Cable House, recognized for quality, certifications, and advanced manufacturing capabilities.

Leading Manufacturers

Eletropoll Bandejamentos is a prominent Brazilian company offering electrical ducts, cable trays, profiles, and accessories. Their Tray Unit is ISO 9001 certified and was among the first in Brazil to implement hot-dip galvanization, enhancing durability and corrosion resistance. Eletropoll emphasizes efficiency with innovations like the Quick Joint, reducing installation time by up to 85%, and provides high mechanical resistance and safety for operators. Jeetmull Jaichandlall (P) Ltd. is recognized as one of the top 10 cable tray manufacturers and suppliers in Brazil. They produce a wide range of cable trays in various sizes, shapes, and colors, tailored to industrial and commercial needs. Their manufacturing facilities use modern equipment and advanced technology, ensuring high-quality products that meet strict industry standards. Cable House has been operating since 1983 and manufactures cable trays, hose clamps, crimping tools, and industrial connectors. They are known for delivering customized solutions with high durability and reliable performance. Cable House serves both national and international markets, emphasizing quality control and client satisfaction.

Market Context

The Brazilian cable tray market is growing steadily, driven by industrial, commercial, and infrastructure projects. The market includes ladder, perforated, and solid-bottom trays made from steel, aluminum, and fiberglass to meet diverse load, corrosion, and fire safety requirements. Key regions for manufacturing and demand include Sao Paulo, Rio de Janeiro, Minas Gerais, and Rio Grande do Sul, with additional project-based demand in the North and Northeast. The market is projected to grow at over 12.5% CAGR from 2026 to 2031, fueled by urbanization, industrial expansion, and energy and telecommunication projects.

Summary

For high-quality cable tray solutions in Brazil, Eletropoll is ideal for durable, certified products with innovative installation features, Jeetmull Jaichandlall offers versatile and customizable trays with global reach, and Cable House provides reliable, long-standing expertise with tailored solutions. These companies are well-positioned to meet the demands of industrial, commercial, and infrastructure projects across Brazil.
