

What are some companies that manufacture ladder-type cable trays in Qatar

Article Overview

Several companies in Qatar manufacture ladder-type cable trays, including Altura Industries, Adastra, TransDelta, Qatar Technical, and Advance Line Cable Management System L.L.C.

Key Manufacturers

1. **Altura Industries** Altura Industries is a leading cable tray manufacturer in Qatar, offering ladder-type cable trays designed for smooth cable pulling and durability in harsh environments such as petrochemical and marine industries. They provide GRP/FRP cable trays and ladders, wire basket trays, and wire mesh cable tray systems, all compliant with BS EN 61537:2007 standards . 2. **Adastra** Adastra specializes in ladder cable trays and accessories, providing products that meet global standards. Their ladder trays are designed for strength and functionality, suitable for both large-scale industrial projects and smaller installations. Adastra emphasizes quality, reliability, and technical support for all cable management needs . 3. **TransDelta International Industries L.L.C** TransDelta manufactures a wide range of cable management systems under the Delta brand, including cable trays, ladders, trunking, and underfloor systems. Their products are ISO-certified and widely used in prestigious projects across Qatar and the GCC. TransDelta focuses on high-quality, reliable cable support solutions . 4. **Qatar Technical** Qatar Technical offers cable support systems including ladder-type cable trays, solid and perforated trays, and adaptable accessories. Their cable ladders are ideal for industrial and building construction, supporting high-volume or heavy cabling over long spans. They provide flexible installation options and galvanized steel options for durability . 5. **Advance Line Cable Management System L.L.C** Advance Line manufactures cable trays, cable ladders, basket trays, and strut channels. Their ladder trays are produced according to British standards and are suitable for industrial and commercial applications. The company is ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certified, ensuring compliance with international safety and quality standards .

Summary

These companies provide a variety of ladder-type cable trays suitable for industrial, commercial, and infrastructure projects in Qatar. They offer products with different materials, standards compliance, and installation options, making them reliable choices for cable management solutions.
